## About Our Centre

Kookaburra Kindergarten Chatswood is a stand-alone, boutique service established 30 years ago by an Early Childhood Education Teacher.

Located in the residential suburb of Chatswood West, we are a short 10minute walk to Chatswood's transport, shopping and business hub.

Our Early Education Centre is set in a pre-federation residence that was extensively renovated in 2018 to provide a spacious and homely environment with state-of-the-art facilities. Outside, we provide an enormous playground area that has been designed to encourage adventurous play and interaction with the natural Australian environment.

We cater for children aged from 6 months to school age. Our team of long-serving educators provide an age appropriate educational program across four classrooms, including a dedicated pre-school room that is run by an Early Childhood Teacher.

We offer frequent incursions, community social events, parent information evenings and ongoing support and advice. We distribute a monthly newsletter and provide access to Storypark where each child's learning portfolio is shared by teachers and family members in a secure web-based environment.

We are open from 7:45am to 6pm, Monday to Friday and operate 50 weeks per year.

## Our Philosophy

The first five years of a child's life are their most formative, and will set the mould for the adult they will become.

The care and attention young children receive and the environment which surrounds them should maximise their development and challenge their abilities.

Our educators provide the care and guidance that will enable your child to become secure in their environment and help them grow emotionally, intellectually and physically.

Our education programmes meet the insatiable desire for knowledge and stimulation that young children have.

We cater to every child as an individual and respect each child's cultural and family background..

Our philosophies and policies are designed for all who use the Centre - children, parents and our team.

Parents are welcomed and encouraged to visit the Centre and participate in activities or discuss their child's needs and progress at any time.
